

## Safeguarding Guidelines (Sept 2017 update)

Safeguarding vulnerable people within the life of the Mid-Wyedean Churches.

*These guidelines* relate to the **policy statement** adopted by Mid-Wyedean Parish at a Parochial Church Council meeting held on 13<sup>th</sup> September 2017.

### Definitions

#### *Children*

All children and young people, aged up to and including 17, are vulnerable by definition, and so fall under the remit of the policy and guidelines.

#### *Vulnerable Adults*

The following is the definition of a vulnerable adult as set out in the House of Bishops' Report Promoting a Safe Church:

*Any adult aged 18 or over who, by reason of mental or other disability, age, illness or other situation is permanently or for the time being unable to take care of him or herself, or to protect him or herself against significant harm or exploitation.*

We support the overall approach outlined in *Promoting a Safe Church*, based on enabling adults to be as responsible for themselves as it is practicable, but also recognising that adults who are not vulnerable in many respects may yet be vulnerable in some specific ways, or at some specific times and that those who are most vulnerable are often the least able to report any abuse.

*We believe that it is a Christian duty to recognise and support those who are identified in being more vulnerable. Some of the factors that can increase vulnerability include:*

- *A sensory or physical disability of impairment*
- *A learning disability*
- *A physical illness*
- *Mental ill health issues (including dementia)*
- *An addiction to alcohol or drugs*
- *Failing faculties in old age*
- *A permanent or temporary reduction in physical, mental or emotional capacity brought about by life events, including bereavement, previous abuse or trauma, instability to economic or legal circumstances*

### Abuse

'Abuse is a violation of an individual's human and civil rights by any other person or persons.' (Human Rights Act). Abuse can take many different forms:

- Physical abuse – being hit or restrained, or misuse of medication
- Sexual abuse – being harassed, teased or touched in a way that the person does not like; being forced to have sex against their will
- Neglect and acts of omission – not getting the food, care or clothing needed

- Self neglect- being neglectful of one's own personal hygiene, health or surroundings this can include behaviour such as hoarding.
- Modern Slavery- being trafficked, forced into slavery, domestic servitude or forced labour.
- Domestic violence – can include Psychological, physical, sexual, financial, emotional abuse; so called 'honour' based violence, female genital mutilation and forced marriage.
- Psychological abuse – being bullied, threatened or verbally abused
- Discriminatory abuse – being ridiculed or threatened because of race, gender, disability, beliefs or age
- Financial abuse – money or possession being stolen or used in a way that the person does not like
- Organisational abuse – being mistreated by an organisation or person that is providing care
- Radicalisation - a process by which an individual or group comes to adopt increasingly extreme political, social, or religious ideals and aspirations that reject or undermine the status quo or reject and/or undermine contemporary ideas and expressions of freedom of choice.
- Spiritual abuse – the inappropriate use of religious belief or practice; this can include the misuse of the authority of leadership or penitential discipline, oppressive teaching or intrusive healing and deliverance ministries, which may result in vulnerable people experiencing physical, emotional or sexual harm. (Promoting a safe Church, (2006)

You must never assume that somebody else will recognise and report what you have seen or heard. It can be difficult if the allegation is about a colleague/friend or it is difficult to believe what you have heard, but .....

if someone starts telling you they have been abused?

- Listen very carefully; give them your full attention
- If the person is in immediate danger call the police or ambulance
- Do not agree to keep it a secret; you cannot do this. Explain to them you have to pass it on. If a child then will not tell you any more you can give them the Childline confidential number, 0800 111111, or for adults see contacts below.
- Reassure them you will deal with the allegation discreetly and will take it seriously
- Avoid asking questions about the alleged abuse
- Don't make judgements
- Do not confront the alleged abuser
- Report the allegation to the Nominated Person or the Incumbent and/or the Diocesan Human Resources Manager & Safeguarding Adviser
- Write what you have been told for future reference
- If the Lead Person or the Incumbent is implicated, report it immediately to the Diocesan Human Resources Manager, who will inform the Bishop or Archdeacon, or inform the Bishop or Archdeacon directly.

Congregation members

It is the responsibility of each of us to help prevent the physical, emotional, sexual, financial and spiritual abuse of vulnerable people and to report any such abuse that we discover or suspect. This policy and supporting information is available to all church members through the website, and as hard copy by request. Diocesan pocket guides to safeguarding are available from the church office.

Other users of our premises

Where other groups are using our premises without the specific involvement of Mid-Wydean Churches, and are working with vulnerable groups, we expect them to have their own Safeguarding policy detailing good practice which they follow.

Any groups using the premises specifically for regular or occasional work with children, young people and/or vulnerable adults should be able to produce their own policy and confirm that leaders have been appropriately checked. We will aim wherever possible, to build positive relationships with representatives and leaders of any such groups to help ensure that the church's commitment to the safety of all can be shared.
